STATE OF ALABAMA

Information Technology Policy

Policy 670-05: Intrusion Detection/Prevention

OBJECTIVE:
Establish the responsibilities for the deployment of intrusion detection and prevention capabilities on State of Alabama computer and network resources.

SCOPE:
This policy applies to all State of Alabama networks and application servers.

RESPONSIBILITIES:
State of Alabama organizations shall, in accordance with applicable standards, position intrusion detection and/or prevention capabilities on networks and application servers commensurate with classification and criticality of data processed based on level of risk to unauthorized access.

ENFORCEMENT:
Refer to Information Technology Policy 600-00: Information Security.

Signed by Jim Burns, Chief Information Officer
